

## FOREIGN COOPERATION IN A PRIMARY SCHOOL

### eTwinning project 'Handmade Xmas cards'

The Primary School no 4 in Ciechanów has participated in an international eTwinning project 'Handmade Xmas cards' - Christmas cards exchange between schools in Europe. Our students were very involved and full of ideas when they did the project.

We got in touch with a school from Spain and joined the project on November 2014. The aim of the project was to prepare dozens of Christmas cards and sent them to the various schools in Europe by post. Our students prepared seventy Christmas cards, which we sent to seventy foreign schools by post. The children from fifth and sixth classes prepared their work eagerly under the direction of Mrs. Joanna Trzcińska and Mrs. Katarzyna Skaraczyńska. They have improved their language skills and cultural awareness associated with the tradition of Christmas.

We received 58 Christmas cards from Lithuania, Greece, Italy, Romania, Turkey, Bulgaria, Germany, Spain, Portugal, Belgium and Poland. The most beautiful cards were sent from Greece, Romania, Lithuania and Italy. Our students that participated in the project chose the nicest card from among all of the cards. The children together prepared the exhibition of all the Christmas cards, which were sent by a friendly foreign schools. The exhibition is very popular among our students, who are very interested in reading the Christmas wishes, thus they get to know the culture and the tradition of Christmas in different European countries. For more information we invite you to visit our school website: <http://www.sp4.nets.pl>
